## What this Factsheet Contains

This Factsheet is based on our interactive **NFHS Policy Tracker for Parliamentary Constituencies (PCs)**—part of our **India Policy Insights** initiative. It provides performance measures for 93 indicators and a side-by-side comparison with national and state averages for each PC. It also shows the net change between 2016 and 2021 for 86 indicators to highlight performance gains and losses. The Factsheet additionally lists the intersecting districts for each PC and links each indicator to a current GOI program, thereby readily providing a policy and program context for its meaningful use. See: <https://geographicinsights.iq.harvard.edu/nfhs-tracker-pc>

### Indicator Summary (2021)

Number of Indicators better than All-India average

Number of Indicators better than State average

### Indicator Change Summary (Between 2016 and 2021)

## Notes

**India 2021:** indicates values from the NFHS-5 All-India Report/Factsheet.

**State 2021:** indicates values from the NFHS-5 State/Union Territory (UT) Factsheets. Blank indicates no value reported in NFHS-5 State/UT Factsheets.

**PC 2021:** indicates estimated values from NFHS-5 microdata. Blank indicates not applicable, as the underlying sample population was not observed.

**PC Change 2021-2016:** indicates percentage point difference between NFHS-5 and NFHS-4. Blank indicates not applicable, as the underlying sample population was not observed or a comparable indicator was unavailable in NFHS-4. Symbol colours indicate the change that a PC experienced on an indicator in relation to all PCs. ● **Highest Improvement** | ● **Improvement** | ● **Worsened** | ● **Extremely Worsened**

**Data Rounding:** values are rounded to one decimal place.

**PC Status:** General (GEN); Scheduled Caste (SC); Scheduled Tribe (ST).
